Thoroughly updated, stripped of technical detail where possible, extensively illustrated with well-chosen photographs, enlivened with new applications, features that focus on issues at play in today's world, responsive to the suggestions of reviewers and users, and seamlessly integrated with MyEconLab. These are the hallmarks of this eleventh edition of Macroeconomics. Parkin brings critical issues to the forefront. Each chapter begins with one of today's key issues, and additional issues appear throughout the chapter to show the real-world applications of the theory being discussed. When the chapter concludes, readers read between the lines to think critically about a news article relating to the issue, demonstrating how thinking like an economist can bring a clearer perspective to and deeper understanding of today's events. Readers will begin to think about issues the way real economists do and learn how to explore difficult policy problems and make more informed decisions in their own economic lives. Parkin is so committed to currency that he uploads news articles almost daily to MyEconLab, the online assessment and tutorial system that accompanies the text. Assessment questions based on the Economics in the News articles are uploaded periodically so that instructors can assign recent articles within MyEconLab. 0133423883 9780133423884 Macroeconomics Plus NEW MyEconLab with Pearson eText Access Card Package.
