The activities are presented in the general sequence and timeline that they happened at each site. The events synopsis provides officials and players with an overview of what happened at each location and when. It is also used to analyze the effectiveness of the response, especially the time sensitive actions. It provides a means of looking at the ramifications of one action not happening when expected on actions taken by other players and on the overall response. The "Exercise Events Synopsis" should include the synopsis, the modules for the exercise, and a timeline of events for each element of play.
