Financial Education and Risk Literacy Riccardo Viale, Umberto Filotto, Barbara Alemanni, Shabnam Mousavi, 2021-01-29 This innovative book explores how the design of financial education programmes could benefit from the findings of behavioural economics and finance and cognitive sciences It covers the social cultural and technological determinants of financial education the role of the banking system in promoting financial literacy and how governments and regulatory authorities are dealing with financial education and risk literacy programmes in schools

Financial Literacy and Responsible Finance in the FinTech Era John O.S. Wilson, Georgios A. Panos, Chris Adcock, 2021-07-21 A growing body of evidence suggests that financial literacy plays an important role in financial well being and that differences in financial knowledge acquired early in life can explain a significant part of financial and more general well being in adult life Financial technology FinTech is revolutionizing the financial services industry at an unrivalled pace Views differ regarding the impact that FinTech is likely to have on personal financial planning well being and societal welfare In an era of mounting student debt increased digital financial inclusion and threats arising from instances of online financial fraud financial education and enlightened financial advising are appropriate policy interventions that enhance financial and overall well being Financial Literacy and Responsible Finance in the FinTech Era Capabilities and Challenges engages in this important academic and policy agenda by presenting a set of seven chapters emanating from four parallel streams of literature related to financial literacy and responsible finance The chapters in this book were originally published as a special issue of The European Journal of Finance

Equal Treatment for People with Mental Retardation Martha A. Field, Valerie A. Sanchez, 2009-07-01 Engaging in sex becoming parents raising children these are among the most personal decisions we make and for people with mental retardation these decisions are consistently challenged regulated and outlawed This book is a comprehensive study of the American legal doctrines and social policies past and present that have governed procreation and parenting by persons with mental retardation It argues persuasively that people with retardation should have legal authority to make their own decisions Despite the progress of the

normalization movement which has moved so many people with mental retardation into the mainstream since the 1960s negative myths about reproduction and child rearing among this population persist Martha Field and Valerie Sanchez trace these prejudices to the eugenics movement of the late nineteenth and early twentieth centuries They show how misperceptions have led to inconsistent and discriminatory outcomes when third parties seek to make birth control or parenting decisions for people with mental retardation They also explore the effect of these decisions on those they purport to protect Detailed thorough and just their book is a sustained argument for reform of the legal practices and social policies it describes Money Made Simple Angie Hollerich,2004 Active Skills for Reading Book 1 2e-Teachers Manual Neil J.
