Interdisciplinaria Archaeologica – Natural Sciences in Archaeology

Journal profile

The focus of *Interdisciplinaria Archaeologica – Natural Sciences in Archaeology* is the ongoing cooperation of archaeology with the natural sciences and other disciplines. The journal's interests include bioarchaeology (archaeobotany, archaeozoology, archaeogenetics and anthropology), geoarchaeology (petro-archaeology, micromorphology) and dating methods in archaeology. We will publish contributions that aim to solve archaeological questions utilizing the methods of the natural sciences and other fields. The birth of IANSA reflects the growing need of scientists in central Europe to access an international journal focused on the methods of the natural sciences and multidisciplinary cooperation in archaeology. The growth of natural science methodologies within archaeology has been very dynamic. It is anticipated that our target group of readers will also grow in the coming years and, along with traditional archaeological institutions, will gradually include specialized natural science institutions (natural science departments associated with archaeology focused museums, specialized laboratories, etc.) in the Czech Republic and abroad. IANSA also aims to provide a niche for historical studies, particularly those that cooperate with the natural sciences and archaeology.

The journal is strictly scientific, peer reviewed, and publishes only in British English. Each article is reviewed by two specialists in fields related to the content of the article. Our goal is to establish IANSA as a high quality specialty periodical, cited by the international Thomson Reuters Journal Citation Report (JCR), and with a high level JCR "Impact Factor". A hardcopy of the journal is issued semi-annually, on glossy paper, and with an initial circulation of 500 pieces. It is available in electronic form on the journal's web page www.iansa.eu.

Submission process

Submissions are preferred in electronic formats and should be directed to mlejnec.o@seznam.cz. Appendices and figures can be submitted by CD or DVD to the *Archaeological Centre of Olomouc (Archeologické centrum Olomouc, U Hradiska 42/6, 779 00 Olomouc-Klášterní Hradisko)*. Alternatively, submissions can be made through <http://www.uschovna.cz/en/> or preferably <http://sharegadget.com/>. When using these services please direct your file to the abovementioned e-mail. It will soon be possible to deliver your submission via webform at the IANSA website www.iansa.eu.

Review process

All submissions must undergo a review process. Submitted manuscripts are presented by the Executive Editor to the Editorial Board, which appoints two reviewers, and decides whether to accept or refuse the submission. The review process is unilaterally anonymous. Reviewed submissions, with comments, are forwarded to the author immediately after receipt at the editorial office. The author is invited to resubmit the article in consideration of the reviewers' comments. If the author refuses, the editorial board has the right to refuse further consideration of the submission.

The evaluation and the decision process for each submission is as follows:
