Manual of the History, Doctrine, Government and Ritual of the Church of the Nazarene Church of the Nazarene (1919-). General Assembly,1919 **Church Laws and Ecumenism** Norman Doe,2020-09-27 Written by experts from within their communities this book compares the legal regimes of Christian churches as systems of religious law The ecumenical movement with its historical theological focus has failed to date to address the role of church law in shaping relations between churches and fostering greater mutual understanding between them In turn theologians and jurists from the different traditions have not hitherto worked together on a fully ecumenical appreciation of the potential value of church laws to help and sometimes to hinder the achievement of greater Christian unity This book seeks to correct this ecumenical church law deficit It takes account of the recent formulation by an ecumenical panel of a Statement of Principles of Christian Law which has been welcomed by Pope Francis and the Ecumenical Patriarch of Constantinople leader of the Orthodox Church worldwide as recognizing the importance of canon law for ecumenical dialogue This book therefore not only provides the fruits of an understanding of church laws within ten Christian traditions but also critically evaluates the Statement against the laws of these individual ecclesial communities The book will be an essential resource for scholars of law and religion theology and sociology It will also be of interest to those working in religious institutions and policy makers **My Beloved Community** Herbert Daughtry,2001 Rev Herbert D Daughtry Sr is the well known minister and author of No Monopoly on Suffering Blacks and Jews in Crown Heights and Elsewhere AWP 1997 From his childhood in segregated Georgia to his current ministry Daughtry has intellectually and practically confronted the challenges of deepening faith in a personal God and expressing that faith in political historical and collective ways How can one simultaneously love one's people and in trying times love the world The sermons speeches and lectures collected in this volume composed over a number of years address among related issues Merging race consciousness with religious conviction the function of Christianity in a Black community often viewing it as the white man's trick bag to maintain Black subservience and blindness and the Africanness of Christianity and yet its universality The book is divided into four sections A Christological Statement The Theology of Liberation A Historical Contemporary statement on the Black Church and the Preacher and A Message To My People In aggregate these writings constitute a timely and indispensable statement of muscular Christianity in a race conscious setting Only Rev Daughtry could have composed and delivered them Past and Prospect Stan Ingersol,2014-05-20 Today the Church of the Nazarene faces issues that arise directly out of its past For that reason Past and

Prospect argues that Nazarenes will be better equipped to face their future as a church armed by an understanding of their own history Church historian Stan Ingersol examines issues that have characterized the Nazarene way of life during that denomination's first century showing how the trajectory shaped by the church's founders has been altered through time by the shifting tides of Fundamentalism mainstream Evangelicalism global expansion and the culture of affluence He contends that current disagreements over polity holiness and worship are largely echoes and projections of tensions that have been present in the denomination since its very beginning As the reader will discover the common denominator running through these chapters is the prospect of rediscovering a relevant and useful past
