The Ethics of Global Business Denis G. Arnold, 2023-02-13 Provides an original account of international business ethics grounded in cosmopolitan human rights theory Transnational companies TNCs operate in a variety of political jurisdictions and legal frameworks As international trade and foreign direct investment FDI continue to increase TNCs based in industrialized home nations are gaining enormous economic and political influence in developing host nations Corporations operating internationally particularly in nations with limited regulatory and enforcement resources are often free to determine whether they will follow existing laws and guidelines regarding consumer protection worker safety and environmental protection The Ethics of Global Business provides clear and pragmatic guidance for business

leaders interested in the ethical conduct of international business With a cosmopolitan human rights perspective on international business ethics this comprehensive volume describes modern transnational companies explains why companies and their leaders are responsible for company policies and practices and presents a conceptual framework grounded in respect for basic human rights Arnold addresses a wide range of central topics such as the role of transnational companies in global justice the human rights obligations of transnational companies labor rights in global supply chains corporate responsibility regarding global climate change and exploitation and empowerment at the base of the global economic pyramid Presents and defends a theory of moral legitimacy that views TNCs as agents of justice Offers an alternative ethical conception of CSR that integrates a cosmopolitan human rights perspective Provides critical and ethical analysis of recent United Nations UN initiatives on business and human rights including the UN tripartite framework recently approved by the UN Human Rights Council Analyzes current Base of the Pyramid BoP strategies Defends minimum standards for working conditions in global supply chains and analyzes wage exploitation in developing nations Demonstrates the need for ethical CSR and morally legitimate BoP business ventures that do not exploit people living in moderate and extreme poverty MEP The Ethics of Global Business is essential reading for business leaders policymakers scholars undergraduate and graduate students and general readers with an interest in business ethics global justice human rights sweatshop ethics solutions to global poverty corporate environmental sustainability and global climate change as related to transnational companies

International Business Ethics and Growth Opportunities Wolf, Ruth, Issa, Theodora, 2014-12-31 In the modern business environment companies strive to create a sense of moral obligation within their employees in an effort to foster a concern for social welfare and justice among global organizations Despite the efforts of managers and directors many companies continue to find it difficult to overcome the moral dilemmas of the corporate sector *International Business Ethics and Growth Opportunities* presents the necessary methods and resources for managers and directors to be successful in leading their corporations in a responsible and morally conscious manner Examining the dangers of unethical behavior this book provides the strategies and tools for proper management to encourage company strength and success This publication is an essential resource for academicians researchers officials post graduate students and professionals in the fields of business and business education interested in ethical decision making on the individual and company level *International Business Negotiation* Barry Maude, 2020-04-10 Expertly blending theory and practice this accessible and up to date textbook offers a clear and comprehensive introduction to international business negotiation The book draws on the practical experiences of managers consultants and entrepreneurs who have successfully conducted business negotiations around the world offering practical and realistic guidelines for improving negotiation practice in a wide range of international and cross cultural contexts It covers the key negotiation theories concepts strategies and practices needed to succeed in contemporary business negotiations Thoroughly updated throughout this edition contains new content on ethical cross border M A and international

joint ventures negotiations With engaging pedagogy and rigorous coverage of key theories and research findings this textbook is an essential companion for modules in negotiation and international negotiation at undergraduate postgraduate and MBA modules It is also suitable for managers and practitioners who are interested in or participate in international negotiation

International Business: The New Realities S. Tamer Cavusgil, Hussain Rammal, Susan Freeman, 2011-12-12

Remarkable change is the new reality of International Business The accelerating cross border flow of products services capital ideas technology and people are driving businesses large and small to internationalise International Business 1st Australasian edition the New Realities is a rigorous resource which motivates and prepares future managers to operate in multi national settings by delivering a teaching system that works Based on the authors collective teaching and working experience as well as discussions with practitioners students and faculty staff this is a complete teaching and learning system where cases exercises and management skill builders are seamlessly integrated and matched to the topics in each chapter Case studies from a wide variety of markets relevant to Australasian businesses including ASEAN countries e g Singapore Malaysia Indonesia as well as China India Japan South Korea Pakistan Europe and the Middle East provide a real world perspective to theories and examine the latest trends in international business For undergraduate students majoring in international business or post graduate courses in international business

Ethics for International Business John Kline, 2010-07-27

Business takes place in an increasingly global environment crossing political and cultural boundaries that challenge corporate values The central focus of this successful and innovative text lies in how to make and explain best choice judgments when confronting ethical dilemmas in international business situations The newly updated version of this groundbreaking textbook continues to provide a topical and relevant analysis of the ethical dimensions of conducting business in a global political economy From a starting point of applied ethics the book introduces a common set of normative terms and analytical tools for examining and discussing real case scenarios Extensive real world examples presented in the form of exhibits cover issues including foreign production including sweatshops export of hazardous products testing and pricing of HIV AIDS drugs advertising tobacco alcoholic beverages and infant formula deceptive marketing techniques and bribery religious and social discrimination cultural impacts from music movies and malls environmental issues including oil spills rain forest preservation global warming and genetically modified foods fair trade certification and consumer boycotts oil investments in the Sudan Burma and Nigeria To keep pace with the changing landscape of global business this new edition features updated exhibits that introduce new issues including internet censorship and privacy marketing and obesity dumping electronic waste in Ghana the costs of bottled water and Wal Mart s supplier code in China increased coverage of issues arising in emerging markets updated descriptions and assessments of relevant international agreements seventeen new photographs that were chosen to accompany cases designed for classroom discussion framing questions to guide discussion of issues in topical chapters three additional figures that help depict the ethical analysis process The continued

globalization of business increases the relevance of this textbook and its unique focus on specifically international ethical challenges faced by business where governments and civil society groups play an active role While most business ethics texts continue to focus heavily on ethical theory this textbook condenses ethical theory into applied decision making concepts emphasizing practical applications to real world dilemmas Anyone with an interest in the ethical implications of international business or the business implications of corporate responsibility in the global market will find this book a thought provoking yet balanced analysis Clearly written this has become the textbook of choice in this increasingly important field

International Business Ethics Georges Enderle,1999 International Business Ethics Challenges and Approaches edited by Georges Enderle is a pioneer in this widely uncharted field of international business ethics This volume includes the work of 39 contributors half of them from non Western countries first presented at the First World Congress of Business Economics and Ethics hosted by Reitaku University and the Institute of Moralogy in Japan Together their articles paint an extraordinarily rich multidisciplinary picture of international business ethics as it evolves and delineate the contours of how international business ethics may develop at the turn of the millennium

Informal Networks in International Business Sven Horak,2022-08-05 Informal Networks in International Business sheds light into the complex nature of informal networks and the respective context in which they operate as well as exploring the challenges and opportunities they produce for a modern international business

Emerging Issues in International Business Research Masaaki Kotabe,Preet S. Aulakh,2002 Contributors in international business multinational management and marketing examine current research in international business from an issue oriented approach rather than a functional approach Themes are the macro environment interactions between business and institutions and competition and strategy Some topics discussed include regional integration cultural and financial globalization intellectual property protection and multilateral agencies Business groups international acquisitions and alliances and the impact of the Internet on international business are also examined Material originated at the April 2000 International Business Research Forum Annotation copyrighted by Book News Inc Portland OR

CSR Strategies in International Business. Concepts and theories for a competitive edge Jonas Feller,2015-12-07 For decades multinational corporations benefited from developing countries mainly as a source of cheap labour and weak regulations Even when corporate social responsibility CSR was embraced it has been tailored to customers in the developed world With the rise of the middle class in emerging economies and social media driven scrutiny of corporate conduct around the globe CSR increasingly requires an international outlook Adopting strategic CSR in international business provides multinational corporations with a competitive edge An emerging field of research around international CSR points to global local and transnational strategies as viable options Considering impacting variables such as cultural distance industry features and brand visibility recommendations are derived for managers that advance the concept of shared value for business and society In addition a set of future research questions is outlined to further the academic

discussion around this important aspect of business in the 21st century **Business and Development Studies** Peter Lund-Thomsen, Michael Wendelboe Hansen, Adam Lindgreen, 2019-10-16 *Business and Development Studies Issues and Perspectives* provides a comprehensive collection of cutting edge theoretical and empirical contributions to the emerging field of business and development studies Compared to more traditional business school accounts of business in developing countries which focus on the challenges and opportunities of doing business in developing countries this anthology explores whether how and under what conditions business contributes to the achievement of economic social and environmental goals in developing countries The book consolidates the current status of academic work on business and development identifies state of the art in relation to this academic field and establishes a future research agenda for business and development studies as an emerging academic discipline within the social sciences The book will be of interest to researchers and students including economists geographers sociologists political scientists corporate social responsibility specialists and development scholars who are seeking an in depth overview of current debates about the role of business as a development agent in the Global South The book is also of relevance to practitioners that are engaged in work with the private sector seeking to enhance the positive effects and minimize the negative economic social and environmental consequences of business activity in the Global South

Citation Classics from the Journal of Business Ethics Alex C. Michalos, Deborah C Poff, 2012-08-01 The *Journal of Business Ethics* was founded by Alex C Michalos and Deborah C Poff and published its first issue in March 1982 It is the most frequently cited business ethics journal in the world The Journal has always offered a multi disciplinary and international public forum for the discussion of issues concerning the interaction of successful business and moral virtue Its authors and readers are primarily scholars and students in social sciences and philosophy with special interests in the interaction of these disciplines with business or corporate responsibility Since the field of business ethics grew simultaneously with the growth of the Journal a collection of its most cited articles is tantamount to a collection of the articles that had the greatest influence in defining the field over its first 30 years of development In this anniversary volume an overview of citation classics from the Journal is presented the 33 most frequently cited articles are reproduced and brief reflections on the impact of the Journal on the field are given from over 100 scholars who authored citation classics and or distinguished papers as well as those who served on the Editorial Board and or are recognized as leaders in the field
