

FARMALL C with TOUCH-CONTROL

Farmall C equipped with Touch-Control, electric lights, starter, and wheel weights.

5-WAY POWER for easier... better farming...

The new Farmall C brings you all that is best in post-war tractor development... new features... new conceptions of tractor performance... outstanding economy... greater operating ease and comfort. With the new Farmall C and its line of matched, *quick-change* implements, operated by Touch-Control, you can farm easier, faster, and better than ever before. Farming becomes more flexible. A broader range of tractor usefulness is opened to you, for never before has a tractor offered such complete and versatile power five applications. The Farmall C delivers usable power five different ways — (1) at the drawbar for pulling trail-behind machines; (2) at the tractor mounting pads for pushing forward-mounted implements; (3) at the belt pulley for driving belt-operated machines; (4) at the power take-off for operating various machine mechanisms; and (5) at the Touch-Control power arms for lifting, lowering, and regulating mounted implements by hydraulic power. Equally important, the Farmall C delivers this 5-way power at surprisingly low cost in fuel and oil consumption.

Third in size in the Farmall line of tractors, the versatile Farmall C meets the power requirements of diversified farms of 80 to 120 acres... larger farms

where an auxiliary tractor capable of two-row work is wanted... and of large-scale truck and vegetable farms. It will pull either one 16-inch plow bottom or two 12-inch plow bottoms, cultivate two rows of corn or similar spaced crops and up to six rows of narrow-spaced vegetable crops. Its typical Farmall design adapts it to modern farming practices... to contour and terrace farming... to the handling of all row crops grown on beds, in furrows, or on the flat.

In addition to the many distinctive tractor features there is a full line of matched, *quick-change* implements built especially for the Farmall C. These implements are carried on Universal Mounting or Hitch Frames which are common to several machines. As a result of this advanced engineering the units are greatly simplified, low in cost yet sturdy, and can be interchanged quickly with a minimum of effort. All are fully controlled by the famous five-way Farmall Touch-Control.

For the latest and best in profit-producing equipment... for faster, easier, better farming... be sure to see the new Farmall C tractor with Touch-Control implements. Your nearby IHD dealer will gladly give you full particulars.
