Karp, Delise Andrews, Latrenda Knighten, Jeff Shih, 2021-04-12 Detailed plans for helping elementary students experience deep mathematical learning. Do you work tirelessly to make your math lessons meaningful, challenging, accessible, and engaging? Do you spend hours you don't have searching for adapting and creating tasks to provide rich experiences for your students that supplement your mathematics curriculum? Help has arrived. Classroom Ready Rich Math Tasks for Grades K-1 details 56 research and standards aligned high cognitive demand tasks that will have your students doing deep problem-based learning. These ready-to-implement engaging tasks connect skills, concepts, and practices while encouraging students to reason, problem solve, discuss, explore multiple solution pathways, connect multiple representations, and justify their thinking. They help students monitor their own thinking and connect the mathematics they know to new situations. In other words, these tasks allow students to truly do mathematics. Written with a strengths-based lens and an attentiveness to all students, this guide includes complete task-based lessons referencing mathematics standards and practices, vocabulary, and materials. Downloadable planning tools, student resource pages, and thoughtful questions and formative assessment prompts. Guidance on preparing, launching, facilitating, and reflecting on each task. Notes on access and equity focusing on students' strengths, productive struggle, and distance or alternative learning environments. With concluding guidance on adapting or creating additional rich tasks for your students, this guide will help you give all of your students the deepest, most enriching and engaging mathematics learning experience possible. *Student*
