This interdisciplinary volume offers valuable in-depth analyses of timely issues, cases and controversies involving rights and institutional dynamics. The book employs an array of methods including legal analysis, qualitative case studies, content analysis, legal theory, research interviews and policy analysis. With a forward-looking perspective, *Rights and Parliamentary Systems in Canada and Beyond* investigates how rights-based processes influence specific policies and offers new insights into the framing of rights including administrative law and Aboriginal treaty rights during the COVID-19 pandemic. It also explores how aspects of parliamentary democracy affect governments, legislators and the public. The book ultimately reveals how the institutional relationships at stake operate to protect or fail to protect rights in relation to government policy objectives.

Basic Ministry 101 R. Joshua Mitchell, 2006-08-15 With the increasing problems facing the Body of Christ where so many ministers are operating and ministering without having some basic knowledge of the Word of God and the lack of understanding the Word of God, this book will reveal the need for those He has called to minister to have structured education and training for their calling and vocation. To present answers to too many of the detriments of the poorly trained or unschooled ministers of the Lord and to His people, note: unschooled refers to ministers with little or no formalized training operating strictly on their devotional encounters with the Lord. To challenge

God's called ministers to seek genuine guide lines for knowledge and ministerial skills following the Biblical standards for educating and training the Body of Christ to become sons of God
