

Instructional Coach position:

When screening a potential candidate for an Instructional Coach position, it's important to look for a combination of relevant experience, skills, and personal qualities. Here are some key areas to focus on and questions to ask during the screening process:

1. Experience in education and coaching:

- Can you tell me about your previous experience in education and coaching?
- What specific roles have you held in the past that relate to instructional coaching?
- How have you supported teachers in improving their instructional practices?

2. Knowledge of instructional strategies and best practices:

- How familiar are you with current instructional strategies and best practices?
- Can you provide an example of a specific instructional strategy you have used successfully with teachers in the past?
- How do you stay updated on the latest research and trends in instructional coaching?

3. Communication and interpersonal skills:

- Describe your approach to building relationships with teachers and gaining their trust.
- How do you effectively communicate feedback to teachers in a way that is constructive and supportive?
- Can you share an example of a challenging conversation you've had with a teacher and how you handled it?

4. Problem-solving and analytical skills:

- How do you identify areas for growth and improvement in teachers' instructional practices?
- Can you describe a time when you had to develop a customized plan to support a teacher's professional development?
- What steps do you take to monitor the progress and effectiveness of your coaching interventions?

5. Leadership and collaboration:

- How do you work collaboratively with administrators and other stakeholders to support teacher growth?

Curriculum and Teaching Dialogue Chara Haeussler Bohan, 2018-08-01 Curriculum and Teaching Dialogue is a peer reviewed journal sponsored by the American Association for Teaching and Curriculum. The purpose of the journal is to promote the scholarly study of teaching and curriculum. The aim is to provide readers with knowledge and strategies of teaching and curriculum that can be used in educational settings. The journal is published annually in two volumes and includes traditional research papers, conceptual essays as well as research outtakes and book reviews. Publication in CTD is always free to authors. Information about the journal is located on the AATC website <http://aatc.org> and can be found on the Journal tab at <http://aatc.org/about/ctd-journal>.

Handbook of Special Education Research, Volume II

Christopher J. Lemons, Sarah R. Powell, Kathleen Lynne Lane, Terese C. Aceves, 2022-04-24 Divided into two volumes, the Handbook of Special Education Research provides a comprehensive overview of critical issues in special education research. Volume II addresses research-based practices offering a deep dive into tiered systems of support and advances in interventions and assessments as well as socially, emotionally, culturally, and linguistically relevant practices. Each chapter features considerations for future research and implications for fostering continuous improvement and innovation. Essential reading for researchers and students of special education, this handbook brings together diverse and complementary perspectives to help move the field forward.

Moments in Mathematics Coaching Kristine Reed Woleck, 2010-03-09 Using a case-based approach, Moments in Mathematics Coaching helps readers examine the possibilities of their position and develop a range of images of the work of mathematics coaching. The cases and author narrative illustrate how to implement specific coaching strategies and make transparent to the reader the reflection and decision-making elements of coaching. In this way, the author, an experienced mathematics coach and coach educator, effectively models the reflective nature of the work and the power of such reflection for continual growth. The book communicates the challenges and successes of mathematics coaching and provides a wide range of strategies, tips, and guidelines. This resource may be used by individuals or by a book study group of mathematics coaches.

Data Wise, Third Edition Kathryn Parker Boudett, Candice Bocala, 2025-07-28 A revised and updated edition presents field-tested strategies to foster equity, inclusion, and continuous improvement in educational practice. In this third edition of Data Wise, Kathryn Parker Boudett and Candice Bocala update the research-based eight-step collaborative inquiry process and demonstrate how it can be used to build more equitable schools. As Boudett and Bocala define it, equity occurs when each student has access to rigorous learning opportunities and is provided with the support they need to be successful. Therefore, improvement work is equity work. This new edition provides a step-by-step guide for how teachers, counselors, and school leaders can address inequities and improve learning outcomes for all students. It shows how the evidence-focused analysis of the Data Wise improvement process, coupled with the disciplined way of thinking known as the ACE Habits of Mind, a shared commitment to action, assessment, and adjustment, intentional.

collaboration and a relentless focus on evidence can foster mindset shifts and fundamentally change the way educators work Data Wise is a world renowned approach that has been used to address challenges not only in K 12 classrooms but also in higher education professional learning and administrative settings This essential work delivers solid relevant guidance for integrating data inquiry into institutional practice
