game industry and other players Consalvo provides a cultural history of cheating in videogames looking at how the packaging and selling of such cheat enablers as cheat books GameSharks and mod chips created a cheat industry She investigates how players themselves define cheating and how their playing choices can be understood with particular attention to online cheating Finally she examines the growth of the peripheral game industries that produce information about games rather than actual games Digital games are spaces for play and experimentation the way we use and think about digital games Consalvo argues is crucially important and reflects ethical choices in gameplay and elsewhere **PC World** ,2007

The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and thrilling novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
