

LUCK AND JUDGEMENT

The background of the entire cover is a photograph of a sunset over a dark, choppy sea. The sun is a bright, glowing orb on the horizon, casting a long, shimmering path of light across the water. The sky is filled with soft, orange and yellow clouds. In the distance, the dark silhouette of an offshore oil rig is visible against the bright horizon.

Challenges for Humanitarian

Intervention C. A. J. Coady, Ned Dobos, Sagar Sanyal, 2018-05-10 Ten new essays critique the practice armed humanitarian intervention and the Responsibility to Protect doctrine that advocates its use under certain circumstances The contributors investigate the causes and consequences as well as the uses and abuses of armed humanitarian intervention One enduring concern is that such interventions are liable to be employed as a foreign policy instrument by powerful states pursuing geo political interests Some of the chapters interrogate how the presence of ulterior motives impact on the moral credentials of armed humanitarian intervention Others shine a light on the potential adverse effects of such interventions even where they are motivated primarily by humanitarian concern The volume also tracks the evolution of the R2P norm and draws attention to how it has evolved for better or for worse since UN member states unanimously accepted it over a decade ago In some respects the norm has been distorted to yield prescriptions and to impose constraints fundamentally at odds with the spirit of the R2P idea This gives us all the more reason to be cautious of unwarranted optimism about humanitarian intervention and the Responsibility to Protect
