coaching book is written by practitioners for practitioners and managers wanting to get the best from individuals in leadership roles. It brings together the authors' experience as psychologists, neuroscientists, and senior level executive coaches to analyse the neuroscience behind behavioural change. The authors present the latest views on leadership, executive coaching, and an introduction to the basic concepts of how the brain works to enable managers and coaches to work more confidently and with greater focus. A series of coaching case histories are accompanied by neuroscience commentaries that offer full explanations of how to select a coaching intervention that will engage different parts of the brain. The cases are categorised by the technique used and the area of the brain the tool accesses, making it easier to understand what type of coaching tool would be useful for a specific situation and also what type of technique might be used to engage a different part of the brain if the first approach is ineffective.

**Leadership in the Bible** Paul Ohana, David Arnov, 2016-09-15. Based on current thinking and research from the fields of management and psychology, *Leadership in the Bible* provides guidance about the most effective ways of responding to forty challenging situations you encounter every day. This guidance is grounded in the wisdom of three key figures in Hebrew scripture: Abraham, Joseph, and Moses. It explores how they coped with similar challenges and it provides recommendations about how to respond to these situations at work or at home. Each chapter ends with an essential lesson, a lesson that was true thousands of years ago and remains so today. It's refreshing to find new approaches to leadership that are useful in both our personal and professional lives. A worthwhile read for anyone looking to strengthen their skills.

Susan Cohn Rockefeller, HuffPost Books. Arnov and Ohana have put the Hebrew Bible back in business. Through their insightful and creative readings, they distill a spiritual business model for the 21st century.
