Goldish, R.H. Popkin, 2013-03-09 The earliest scientific studies of Jewish messianism were conducted by the scholars of the Wissenschaft des Judentums school particularly Heinrich Graetz the first great Jewish historian of the Jews since Josephus These researches were invaluable because they utilized primary sources in print and manuscript which had been previously unknown or used only in polemics The Wissenschaft studies themselves however prove to be polemics as well on closer inspection Among the goals of this group was to demonstrate that Judaism is a rational and logical faith whose legitimacy and historical progress deserve recognition by the nations of Europe Mystical and messianic beliefs which might undermine this image were presented as aberrations or the result of corrosive foreign influences on the Jews Gershom Scholem took upon himself the task of returning mysticism and messianism to their rightful central place in the panorama of Jewish thought Jewish messianism was for Scholem a central theme in the philosophy and life of the Jews throughout their history shaped anew by each generation to fit its specific hopes and needs Scholem emphasized that this phenomenon was essentially independent of messianic or millenarian trends among other peoples For example in discussing messianism in the early modern era Scholem describes a trunk of influence on the Jewish psyche set off by the expulsion from Spain in 1492 **Expérience et écriture mystiques dans les religions du livre** Paul B. Fenton, Roland Goetschel, 2000 The present volume deals with the phenomenon of Writing and the Mystical Experience in Judaism Christianity and Islam Particular emphasis is laid on this theme within Jewish mysticism in the various stages of its historical development Methodological and phenomenological studies deal with the question in Antiquity the Mediaeval period and Modern times Averroes and Averroism in Medieval Jewish Thought , 2024-03-25 The Andalusian Muslim philosopher Averroes 1126 1198 is known for his authoritative commentaries on Aristotle and for his challenging ideas about the relationship between philosophy and religion and the place of religion in society Among Jewish authors he found many admirers and just as many harsh critics This volume brings together for the first time essays investigating Averroes s complex reception in different philosophical topics and among several Jewish authors with special attention to its relation to the reception of Maimonides Pablo Dreizik Professor of Philosophy at the University in Buenos Aires has featured this volume
