MALABAR MANUAL by William Logan, Commentary William Logan's Malabar is popularly known as Malabar Manual It is a huge book of more than 500 000 words It might not be possible for a casual reader to imbibe all the minute bits of information from this book However in this commentary of mine I have tried to insert a lot of such bits and pieces of information by directly quoting the lines from Malabar On these quoted lines I have built up a lot of arguments and also added a lot of explanations and interpretations I do think that it is much easier to go through my Commentary than to read the whole of William Logan's book Malabar However the book Malabar contains much more items than what this Commentary can aspire to contain This book Malabar will give very detailed information on how a small group of native Englishmen built up a great nation by joining up extremely minute bits of barbarian and semi barbarian geopolitical areas in the South Asian Subcontinent **Manual of the Administration of the Madras Presidency, in Illustration of the Records of Government & the Yearly Administration Reports** Madras (India : Presidency), 1885 **A Manual of Navaho Grammar** Berard Haile, 1926 *Perpetual Trouble Shooter's Manual* John Francis Rider, 1931 *Manual of English*
