Karl Von Rotteck Zwischen Revolution Und Restauration:

Revisiting Prussia's Wars against Napoleon Karen Hagemann, 2015-03-30 In 2013 Germany celebrated the bicentennial of the so called Wars of Liberation 1813-15. These wars were the culmination of the Prussian struggle against Napoleon between 1806 and 1815 which occupied a key position in German national historiography and memory. Although these conflicts have been analyzed in thousands of books and articles, much of the focus has been on the military campaigns and alliances. Karen Hagemann argues that we cannot achieve a comprehensive understanding of these wars and their importance in collective memory without recognizing how the interaction of politics, culture, and gender influenced these historical events and continue to shape later recollections of them. She thus explores the highly contested discourses and symbolic practices by which individuals and groups interpreted these wars and made political claims beginning with the period itself and ending with the centenary in 1913.

The Oxford Handbook of Modern German History Helmut Walser Smith, 2011-09-29 This is the first comprehensive multi-author survey of German history that features cutting-edge syntheses of major topics by an international team of leading scholars. Emphasizing demographic, economic, and political history, this Handbook places German history in a denser transnational context than any other general history of Germany. It underscores the centrality of war to the unfolding of German history and shows how it dramatically affected the development of German nationalism and the structure of German politics. It also reaches out to scholars and students beyond the field of history with detailed and cutting-edge chapters on religious history and on literary history, as well as to contemporary observers with reflections on Germany and the European Union and on multi-cultural Germany. Covering the period from around 1760 to the present, this Handbook represents a remarkable achievement of synthesis based on current scholarship. It constitutes the starting point for anyone trying to understand the complexities of German history as well as the state of scholarly reflection on Germany's dramatic, often destructive, integration into the community of modern nations. As it brings this story to the present, it also places the current post-unification Federal Republic of Germany into a multifaceted historical context. It will be an indispensable resource for scholars, students, and anyone interested in modern Germany.

Geschichte der politischen Theorien in Deutschland 1300-2000 Klaus von Beyme, 2009-09-16 Mit diesem Band wird erstmals eine umfassende Geschichte und Analyse der politischen Theorie in Deutschland vorgelegt, die den Zeitraum vom Mittelalter bis zur Gegenwart behandelt.

Jurisprudenz in Freiburg Alexander Hollerbach, 2007 English summary Focusing on scholarly and historical aspects, Alexander Hollerbach provides the essential elements of a history of the faculty of law in Freiburg since the university was founded in 1457. The various articles focus on the 19th and 20th century and, in particular, on individual legal subjects such as the philosophy of law, canon law, and public law, as well as the development during the Nazi period. In addition to cross-sections from general history and the history of specific subjects, a substantial part of the book consists of biographical studies of eminent scholars who were in Freiburg. This work also contains an extensive bibliography on the

Den Wandlungen und Veränderungen die Funktion, Rechte und Status der Beamten im 19. (1794-1814) Josef Smets, 1997. Nulle autre région n'a tant disputé en Europe que celle qui longe le Rhin sur ses deux rives entre Bâle et Nimègue: large zone de contact entre le monde latin et le monde germanique. Au soir de l'Ancien Régime la rive gauche du Rhin se compose de presque 150 États dont le plus petit territoire n'atteint même pas la taille d'un hameau. Grande et riche région, elle doit donc que celle de la Rhénanie qui sera immédiatement confrontée à la Révolution française. La plus grande partie des migrants français trouve refuge dans ces pays dès 1789. Lorsque la France révolutionnaire déclare la guerre en 1792, personne ne croit un instant qu'elle s'emparera bientôt de ces pays et qu'elle ne les laissera plus jusqu'en 1814. Durant ces vingt années d'occupation française, toutes les structures anciennes seront balayées, rien ne sera plus comme avant. Époque charnière essentielle pour le peuple rhénan sans aucun doute. Mais à tout le moins, elle mesure la portée des bouleversements provoqués par un pouvoir étranger. D'ailleurs, comment ce dernier s'y est-il pris pour occuper et administrer ces pays conquis? Et comment a réagi le peuple rhénan vis-à-vis des Français? Qui était pour et qui était contre l'annexion du pays par la France? En devenant citoyens français, part entière depuis 1801, les jeunes Rhénans avaient des droits et surtout des devoirs envers la Nation française, notamment le service militaire. Combien étaient-ils servir sous les drapeaux napoléoniens depuis 1802? Combien ont refusé ce nouveau service? Et combien ont péri? Et où? Questions qui n'ont jusqu'à présent pas fait l'objet d'une étude.
