**Debating Modern Medical Technologies** Karen J. Maschke, Michael K. Gusmano, 2018-09-14 This book analyzes policy fights about what counts as good evidence of safety and effectiveness when it comes to new health care technologies in the United States and what political decisions mean for patients and doctors. Medical technologies often promise to extend and improve quality of life but come with many questions: Are they safe and effective? Are they worth the cost? When should they be allowed on the market, and when should Medicare, Medicaid, and private insurance companies be required to pay for drugs, devices, and diagnostic tests? Using case studies of disputes about the value of mammography screening, genetic testing for disease risk, brain imaging technologies to detect biomarkers associated with Alzheimer's disease, cell-based therapies, and new expensive drugs, Maschke and Gusmano illustrate how scientific disagreements about what counts as good evidence of safety and effectiveness are often swept up in partisan fights over health care reform and battles among insurance and health care companies, physicians, and patient advocates. *Debating Modern Medical Technologies: The Politics of Safety, Effectiveness, and Patient Access* reveals stakeholders differing values and interests regarding patient choice, physician autonomy, risk assessment, government intervention in medicine, and technology assessment and scientific innovation as a driver of national and global economies. It will help readers to understand the nature and complexity of past and current policy disagreements and their effects on patients.

**A Continuous Struggle** Garrett Felber, 2025-05-06 The first biography of the revolutionary political prisoner who laid the foundation for contemporary abolitionist struggles and Black anarchism. *A Continuous Struggle* is a political biography of one of the most important revolutionary figures of the twentieth century in the United States. Martin Sostre (1923-2015) was a Black Puerto Rican from East Harlem who became a politicized prisoner and jailhouse lawyer, winning cases in the early 1960s that helped secure the constitutional rights of incarcerated people. He opened one of the country's first radical Black bookstores and was scapegoated and framed by police and the FBI following the Buffalo rebellion of 1967. He was sentenced by an all-white jury to thirty-one to forty-one years. Throughout his nine-year imprisonment, Sostre transformed himself and the revolutionary movements he was a part of, eventually identifying as a revolutionary anarchist and laying the foundation for contemporary Black anarchism. During that time, he engaged in principled resistance to strip frisks for which he was beaten eleven times, raising awareness about the routinized sexual assault of imprisoned people. The decade-long Free Martin Sostre movement was one of the greatest and most improbable defense campaign victories of the Black Power era, alongside those to liberate Angela Davis and Huey Newton. Although Sostre receded from public view after his release in 1976, he lived another four decades of committed struggle as a tenant organizer and youth mentor in New York and New Jersey. Throughout his long life, Martin Sostre was a jailhouse lawyer, revolutionary bookseller, yogi mentor, and teacher, anti-rape organizer, housing justice activist, and original political thinker. The variety of strategies he used and terrains on which he struggled emphasize the necessity and possibility of multi-faceted

and continuous struggle against all forms of oppression in pursuit of an egalitarian society founded on the principles of maximum human freedom spirituality and love      **Congressional Record** United States.
