The Struggle Is Eternal Joseph R. Fitzgerald, 2018-12-14 Many prominent and well known figures greatly impacted the civil rights movement but one of the most influential and unsung leaders of that period was Gloria Richardson As the leader of the Cambridge Nonviolent Action Committee CNAC a multifaceted liberation campaign formed to target segregation and racial inequality in Cambridge Maryland Richardson advocated for economic justice and tactics beyond nonviolent demonstrations Her philosophies and strategies including her belief that black people had a right to self defense were adopted often without credit by a number of civil rights and black power leaders and activists The Struggle Is Eternal Gloria Richardson and Black Liberation explores the largely forgotten but deeply significant life of this central figure and her determination to improve the lives of black people Using a wide range of source materials including interviews with Richardson and her personal papers as well as interviews with dozens of her friends relatives and civil rights colleagues Joseph R Fitzgerald presents an all encompassing narrative From Richardson s childhood when her parents taught her the importance of racial pride through the next eight decades Fitzgerald relates a detailed and compelling story of her life He reveals how Richardson s human rights activism extended far beyond Cambridge and how her leadership style and vision for liberation were embraced by the younger activists of the black power movement who would carry the struggle on throughout the late 1960s and into the 1970s

through enhancing the teacher evaluation process failed to achieve substantive improvement The way observations are currently designed serve as an obstacle to teacher risk taking Teachers fear negative evaluations when their pedagogy is rated and they lack faith in being supported by supervisors because a trusting relationship between them and their observer has not been built Trust Based Observations Maximizing Teaching and Learning Growth is a schema changing evaluation model that understands people perform at their best when they feel safe and supported It begins with twelve 20 minute observations per week followed by collegial conversations driven by reflective questions sharing observed teaching strengths and the building of safe and trusting relationships with teachers Add the elimination of rating pedagogical skills and replace it with rating mindset and teachers trust When teachers fully embrace risk taking and innovation it leads to remarkable teaching transformations and improved student learning
