Nadine Gordimer Routledge Revivals:

Nadine Gordimer (Routledge Revivals) Judie Newman, 2014-06-27 International In her appeal Nadine Gordimer is an original and accomplished novelist whose works have found literary and popular recognition In this critical study first published in 1988 and the first by a woman Judie Newman discusses Gordimer s novels including *A Sport of Nature* Gordimer s writing is both political committed and formally innovative confronting subject matter of great contemporary interest and at the same time seeking out narrative forms that combine European and indigenous culture Her novels are sensitive to their context while also offering an important contribution to postmodernist reassessments of narrative poetics and a challenge to European conceptions of the novel Judie Newman places particular emphasis on Gordimer s searching investigation of the relation of gender to genre and explores other major concerns such as the crisis of liberal values the nature of historical consciousness racism sexual politics and the psychopathology of power Her study combines close literary analysis with a wide ranging exploration of ideas showing clearly how the artist can contribute to contemporary debate [Nadine Gordimer \(ELL\)](#), 2009

Jacques Derrida (Routledge Revivals) William Schultz, Lewis L.B. Fried, 2016-06-17 First published in 1992 this book represents the first major attempt to compile a bibliography of Derrida s work and scholarship about his work It attempts to be comprehensive rather than selective listing primary and secondary works from the year of Derrida s Master s thesis in 1954 up until 1991 and is extensively annotated It arranges under article type a huge number of works from scholars across numerous fields reflecting the interdisciplinary and controversial nature of Deconstruction The substantial introduction and annotations also make this bibliography in part a critical guide and as such will make a highly useful reference tool for those studying his philosophy

Resisting Novels (Routledge Revivals) Lennard J. Davis, 2014-06-27 By making friends with signs Lennard Davis argues we are weakening the bond that anchors us to the social world the world of action and binding ourselves to the ideological For the reader this power of the novel needs to be resisted But there is a double resistance at work the novel is also a defensive structure positioning us against alienation and loneliness the dehumanising symptoms of modern life While discussions surrounding ideology in novels traditionally concentrate on thematics in this study first published in 1987 Davis approaches the subject through such structural features as location character dialogue and plot Drawing on a wide range of novels from the seventeenth century to the present day and on psychoanalysis as well as philosophy *Resisting Novels* explores how fiction works subliminally to resist change and to detach the reader from the world of lived experience This controversial critique will engage students and academics with a particular interest in literary theory *Nadine Gordimer*, 1988

Nadine Gordimer, 1984 **Chronicles of Darkness** David Ward, 2024-05-30 First published in 1989 *Chronicles of Darkness* is about images of Africa seen through the eyes of writers visitors residents and native born They range from Joseph Conrad and Olive Schreiner through Laurens van der Post Karen Blixen and Evelyn Waugh to more recent writers like Nadine Gordimer Andre Brink and J M Coetzee Such writers have

frequently been faced with feelings of alienation marginality exile self consciousness and egoism It is only in this sense that the eyes which see are shadowed and troubled that Africa is a dark continent and that these writings are chronicles of darkness In some cases Africa even if merely a backdrop painted in crude and garish colors becomes a way of revealing or admitting something about Europe which might be concealed when a writer performs in a different theatre This is an interesting read for scholars and researchers of English literature and African studies *A History of the Irish Short Story* Heather Ingman,2009-05-14 Though the short story is often regarded as central to the Irish canon this text was the first comprehensive study of the genre for many years Heather Ingman traces the development of the modern short story in Ireland from its beginnings in the nineteenth century to the present day Her study analyses the material circumstances surrounding publication examining the role of magazines and editors in shaping the form Ingman incorporates recent critical thinking on the short story traces international connections and gives a central part to Irish women s short stories Each chapter concludes with a detailed analysis of key stories from the period discussed featuring Joyce Edna O'Brien and John McGahern among others With its comprehensive bibliography and biographies of authors this volume will be a key work of reference for scholars and students both of Irish fiction and of the modern short story as a genre **Reader's Guide to Literature in English** Mark Hawkins-Dady,1996 First Published in 1996 Routledge is an imprint of Taylor Francis an informa company *Forthcoming Books* Rose Arny,2003 [Bibliographic Index](#) ,2006 *American Book Publishing Record* ,2003 *Bookseller and the Stationery Trades' Journal* ,1978 **Subject Guide to Books in Print** ,1996 [Alternative Press Index](#) ,2001 **Whitaker's Cumulative Book List** ,1973 [Joyce in the Belly of the Big Truck: Workbook](#) Joyce A.
