

# Nadwatul Ulama Result 2012

**Gunther Jikeli**

## **Nadwatul Ulama Result 2012:**

**The Return of Religious Antisemitism?** Gunther Jikeli, 2021-02-17 The most violent American and European anti Semites in the 21st century including not only Jihadists but also white and black supremacist terrorist made some reference to religion in their hatred of Jews This is surprising Religious antisemitism is often seen as a relic of the past It is more associated with pre modern societies where the role of religion was central to social and political order However at the end of the 19th century animosity against Judaism gave way to nationalistic and racist motives People such as Wilhelm Marr called themselves anti Semites to distinguish themselves from those who despised Jews for religious reasons Since then antisemitism has gone through many mutations However today it is not only the actions of extremely violent anti Semites who might be an indication that religious antisemitism has come back in new forms Some churches have been accused of disseminating antisemitic arguments related to ideas of replacement theology in modernized forms and applied to the Jewish State Others from the populist nationalist right seem to use Christianity as an identity marker and thus exclude Jews and Muslims from the nation Do religious motifs play a significant role in the resurgence of antisemitism in the 21st century

**Impact of Artificial Intelligence, and the Fourth Industrial Revolution on Business Success** Bahaaeddin Alareeni, Allam Hamdan, 2022-07-29 This book constitutes the refereed proceedings of the International Conference on Business and Technology ICBT2021 organized by EuroMid Academy of Business Technology EMABT held in Istanbul between 06 07 November 2021 In response to the call for papers for ICBT2021 485 papers were submitted for presentation and inclusion in the proceedings of the conference After a careful blind refereeing process 292 papers were selected for inclusion in the conference proceedings from forty countries Each of these chapters was evaluated through an editorial board and each chapter was passed through a double blind peer review process The book highlights a range of topics in the fields of technology entrepreneurship business administration accounting and economics that can contribute to business development in countries such as learning machines artificial intelligence big data deep learning game based learning management information system accounting information system knowledge management entrepreneurship and social enterprise corporate social responsibility and sustainability business policy and strategic management international management and organizations organizational behavior and HRM operations management and logistics research controversial issues in management and organizations turnaround corporate entrepreneurship innovation legal issues business ethics and firm financial accounting and firm financial affairs non traditional research and creative methodologies These proceedings are reflecting quality research contributing theoretical and practical implications for those who are wise to apply the technology within any business sector It is our hope that the contribution of this book proceedings will be of the academic level which even decision makers in the various economic and executive level will get to appreciate
