**Nadwatul Ulama Result 2014:**

Anti-Zionism and Antisemitism Alvin H. Rosenfeld, 2019-01-09 Seventeen essays by scholars examining the links between anti-Semitism and attitudes toward Israel in the current political climate How and why have anti-Zionism and antisemitism become so radical and widespread This timely and important volume argues convincingly that today's inflamed rhetoric exceeds the boundaries of legitimate criticism of the policies and actions of the state of Israel and conflates anti-Zionism with antisemitism The contributors give the dynamics of this process full theoretical political legal and educational treatment and demonstrate how these forces operate in formal and informal political spheres as well as domestic and transnational spaces They offer significant historical and global perspectives of the problem including how Holocaust memory and meaning have been reconfigured and how a singular and distinct project of delegitimization of the Jewish state and its people has solidified This intensive but extraordinarily rich contribution to the study of antisemitism stands out for its comprehensive overview of an issue that is both historical and strikingly timely
