Subversion, Resistance and Contestations ,2025-12-08 This volume is unique because it is the first full volume book to gather various contributions on the politics of names and naming in Zimbabwe The premise of the book is that names are historical archives thus the chapters gathered herein attempt a chronological survey of the politics of names and naming from the colonial period to the post Mugabe era popularly euphemised as the New Dispensation This chronological study of names and naming was not meant to give a linear narrative of subversion resistance and contestation but to show that Zimbabwe does not have a monolithic history and that a chronological study of the names and naming traditions from the colonial period to the present will reveal various histories of Zimbabweans struggling against various hegemonies from a colonialist chronotope that threatened the onomastic erasure of black people to present political machinations and nomenclatural shenanigans that seek to disavow violent legacies The multidisciplinary nature of this volume allowed for a more inclusive approach to the politics of names and naming in Zimbabwe The various chapters constituting this volume were contributed by scholars from the fields of linguistics literary studies history sociology media and music studies in Zimbabwe Zimbabwe has consistently offered an interesting case study in various academic fields because of its unique history that includes a protracted liberation struggle and unrelenting post independence crises Thus this volume offers a unique opportunity and archive for researchers interested in Zimbabwean history politics literature and culture

Chihera in Zimbabwe Ezra Chitando, Sophia Chirongoma, Munyaradzi Nyakudya, 2023-02-27 Zimbabwean social media has been awash with images of a woman character spirit or concept called Chihera Traditionally a woman descending from the Mhofu Eland lineage totem is known as Chihera In the cumulative tradition of the Shona a Zimbabwean ethnic group Chihera is a fiercely independent assertive free spirited and no nonsense woman This volume seeks to deepen reflections on the Chihera phenomenon in the context of the search for gender justice in Zimbabwe and Africa The authors reflect on how this radical indigenous feminist ethic circulating on social media can animate the quest for Zimbabwean and African women's full liberation from patriarchy and all oppressive forces They grapple with the issue of generating culturally sensitive theories and approaches to galvanize the struggle for African women's liberation in post colonial settings Second they locate the Chihera mystique in the context of the practical struggle for women's empowerment Third the volume illustrates how the Chihera phenomenon could be utilized for gender justice in Zimbabwe and beyond

Social Media and Digital Dissidence in Zimbabwe Trust Matsilele, 2022-08-29 This book proposes a new theorisation when studying cyber dissidents in an African digital sphere It argues that social media dissidents are a recent development in a long lineage of dissidents in African societies Using Zimbabwe as a case study the study locates contemporary dissidents in the same family with other historical dissident figures found in African orature the Chimurenga wars through music poetry and other forms of expression The book argues against techno deterministic approaches to studying social media born digital dissidence in Africa It is aimed at scholars dedicated to studying social media movements in African contexts and the global south generally prompting them to re evaluate their earlier conclusions and adopt a more nuanced and context specific approach

Great Zimbabwe Shadreck Chirikure, 2020-11-29 Conditioned by local ways of knowing and doing Great Zimbabwe develops a new interpretation of the famous World Heritage site of Great Zimbabwe It combines archaeological knowledge including recent material from the author's excavations with native concepts and philosophies Working from a large data set has made it possible for the first time to develop an archaeology of Great Zimbabwe that is informed by finds and observations from the entire site and wider landscape In so doing the book strongly contributes towards decolonising African and world archaeology Written in an accessible manner the book is aimed at

undergraduate students graduate students and practicing archaeologists both in Africa and across the globe The book will also make contributions to the broader field such as African Studies African History and World Archaeology through its emphasis on developing synergies between local ways of knowing and the archaeology **Cultures of Change in**

Contemporary Zimbabwe Oliver Nyambi,Tendai Mangena,Gibson Ncube,2021-11-04 This book investigates how culture reflects change in Zimbabwe focusing predominantly on Mnangagwa's 2017 coup but also uncovering deeper roots for how renewal and transition are conceived in the country Since Emmerson Mnangagwa ousted Robert Mugabe in 2017 he has been keen to define his Second Republic or New Dispensation with a rhetoric of change and a rejection of past political and economic cultures This multi and inter disciplinary volume looks to the social media language discourse theatre images political speeches and literary fiction and non fiction to see how they have reflected on this time of unprecedented upheaval The book argues that themes of self renewal stretch right back to the formative years of the ZANU PF and that despite the longevity of Mugabe's tenure the latest transition can be seen as part of a complex and protracted layering of postcolonial social economic and political changes Providing an innovative investigation of how political change in Zimbabwe is reflected on in cultural texts and products this book will be of interest to researchers across African history literature politics culture and post colonial studies **Comedy and Satire in Zimbabwe** Rodwell Makombe,2025-05-21 The book is about comedy

the nation and resistance in Zimbabwe following the fall of Robert Mugabe in 2017 It explores how satiric comedies and comic texts in post Mugabe Zimbabwe contest hegemonic narratives of the nation and authorise alternative narratives from the margins Drawing on postcolonial theories of the nation it analyses subversive comedies and social media texts that contest official political narratives in Zimbabwe including the comedies of four Zimbabwean comedians Kapfupi and Marabha Doc Vikela and Sabhuku Vharazipi as well as social media texts on President Mnangagwa's Facebook Page and cartoons published by the Zimbabwean newspaper ZimDaily Primarily found via social media platforms Facebook and Youtube these texts centre alternative views and narratives of ordinary citizens contesting established truths and providing a counter narration to official hegemonic discourses of the nation Where existing scholarship on post Mugabe politics in Zimbabwe focuses on issues such as the coup militarisation and discourses of newness little attention has been paid to the forms of resistance used in everyday discourse by Zimbabweans and particularly via satire and comedy These comic texts shared by comedians and normal citizens on social media can provide a useful alternative perspective to make sense of the politics and political performances that characterize the new political dispensation after Mugabe **Cattle and People** Catarina

Ginja,Elizabeth Wright,2022-05-01 This volume originates in a conference session that took place at the 2018 International Council of Archaeozoology conference in Ankara Turkey entitled Humans and Cattle Interdisciplinary Perspectives to an Ancient Relationship The aim of the session was to bring together zooarchaeologists and their colleagues from various other research fields working on human cattle interactions over time The contributions in this volume reflect well the breadth of

work being undertaken on the ancient relationship between humans and cattle across the continents of Europe Africa and Asia and from the late Pleistocene to postmedieval period Almost all involve the study of archaeological cattle remains and use different zooarchaeological methods but the combination of these approaches with that of ethnography isotopes and genetics is also featured Author Interview **Accessions List, Eastern and Southern Africa** Library of Congress. C. Pongweni,1983

Shona-English Name Dictionary Eliah Chakanetsa Kapezi,2013-10-22 Knowing one s origin coupled with an appropriate name gives one a sense of great pride and belonging In the United States in particular most people with African ancestry have started moving away from the traditional English names which is a clear sign that there is a yearning to associate with mother Africa The beginning of this major shift came with the acceptance of Islam and the push for equality among the races The names carefully chosen for this book have both reason and meaning which makes them more appropriate and precise heredity can therefore easily be traced back a few generations through the names included in this book The question what is in a name has been given broader and more appropriate meaning The choice for those who are keen to give their offspring African names with meaning has been made wider and easier **The Shona and Zimbabwe 900-1850** D. N. Beach,1980
