Narratorinternational Volume One:

A Lover's Potion and Other Stories Winsome Smith, 2015-01-12 Short stories are but a slice of life yet they are complete even in few words Although the endings are not always happy they are indeed endings These slices of life take us to many times and places where we meet people with a distinct set of problems and sometimes if they are very lucky solutions A Lover's Potion is an imaginative walk through fantasy and fiction In these collected stories we visit a small shire where witchcraft mania runs wild A peasant girl becomes pregnant with her aristocratic lover who presents her with a gift of jewellery confounding a team of modern archaeologists There is even a girl with incredibly long hair locked in a tower but she is not what she seems Each story focuses on people and their fascination with one another All human beings share desires endeavors and loyalties Through actions we reveal ourselves The characters in these stories each long for something and in some cases the characters aren't human at all Read of compassion romance and revenge in this riveting collection of wiles and whimsy

Likenesses Matthew Reynolds, 2017-07-05 Translation illustration and interpretation have at least two things in common They all begin when sense is made in the act of reading that is where illustrative images and explanatory words begin to form And they all ask to be understood in relation to the works from which they have arisen reading them is a matter of reading readings Likenesses explores this palimpsestic realm with examples from Dante to the contemporary sculptor Rachel Whiteread The complexities that emerge are different from Empsonian ambiguity or de Man's unknowable infinity of signification here meaning dawns and fades as the hologrammic text is filled out and flattened by successive encounters Since all literature and art is palimpsestic to some degree Reynolds proposes this style of interpretation can become a tactic for criticism in general Critics need both to indulge and to distrust the metamorphic power of their

interpreting imaginations Likenesses follows on from the argument of Reynolds s The Poetry of Translation 2011 extending it through other translations and beyond them into a wide range of layered texts Browning emerges as a key figure because his poems laminate languages places times and modes of utterance with such compelling energy There are also substantial innovative accounts of Dryden Stubbs Goya Turner Tennyson Ungaretti and many more **Films and Filming** ,1985
