from a manual Why Simply because Marine Combat Instructors have their knife combat method internalized They can teach it in their sleep they can use the knife without even waking up and they want Marine recruits to know this method in the same manner Not to learn it to internalize it To own it Because they won't have a manual with them when they need this knowledge to save their lives Learn what they already know *Bowker's Complete Video Directory 2001* ,2001
