New Moon

Dad's the sun; that much is clear
By the way we gather round him near
To see his face as bright as day.
Each tender glance: a beaming ray.
A gleam of doing levelness
Sparkling family photosynthesis.

5

Mom's the earth; that much is true.
Her caring eyes and seeds so blue.
With her, held close, we feel protected.
For all our needs she has connected—
Our food, provided; our wounds, inspected;
Our water cycle tears, collected;
Our privacy of space, respected.

10

The rest of us are circling moons:
I, Brother George, and Sister June.

15

Mom keeps G's orbit very fault,
And Father's rules can get him hot.
A perfect angel, George is not,
But he often acts just as he ought.

20

Round Mom, June's orbit is not as tight.
She's a bit older, a cooler satellite.
Less gravity controls her flight,
As she soars and glows in Father's light.

Ⓐ In a few weeks, the gymnastics competition would finally test Jackson's skills. Ⓑ He knew he was well prepared for the parallel bars and floor work of the competition, but he continued to struggle with the rings. Ⓒ The most challenging position—the one that always seemed to elude him—was the iron cross. Ⓓ It is one of the hardest maneuvers in gymnastics, and no matter how many times he attempted it, he could not maintain the position.
