Subject Guide to Books in Print, 1991 **Food for Your Brain** Aisha Summers, 2022-03-23 Do you sometimes feel that you're less sharp than you could be Or do you feel that your mental energy isn't where you want it to be Did you know that you can change the way that you think and feel by changing what you eat And most importantly it's something you need to start doing right now It's hard to know what's meant to be healthy If you ever read the news all too often you'll see headlines praising a food one day and then condemning in the next You'll see people selling you miracle cures for conditions that they've invented You'll realise that powerful industries control the information that's given the most airtime and that

ultimately you're better off trying to find out the truth for yourself. My name is Aisha Summers and over my lifetime involvement in the nutrition industry I've learned that the only way to truly empower yourself is through knowledge. Your health is in your own hands and true health can be built on knowledge. In my book *Food for your brain* here is just a small part of the things you'll learn about: The best diet to maintain a healthy brain throughout your whole life. The worst things for your brain, the foods you really need to avoid. The surprising science that reveals the links between your diet and your mental health. How changing your understanding of nutrition will mean that the changes you make to your diet will stick. It's not just what kind of food that you eat but the quantities and timing make a difference as well. The ways to reorientate your life to make sure your brain is at its best and how food can take a central role. A lot of people believe that the health of your brain is something that you only need to start thinking about when you get old. But the things that you're eating right now, the food that you're putting into your body on a daily basis is laying the groundwork for how your brain will function in the future. This isn't a problem that can be left to be dealt with later. Keeping your brain in the best possible health should be your top priority. Take action now by building your knowledge. This book will provide you with the advice and information that you can immediately put into action for yourself and to help the people you love.

Nutrition for the Mind Sudipta Rath,2018-11-16 The book is about nourishing your mind daily to keep you energized everyday Each morning at least after an 8 hours of sleep your mind wakes up with a clean and calm brain It is empty and ready to receive the inputs for the next day After you wake up immediately plant some good seeds in your mind before going to do any other works then water these seeds twice a day This is the nourishment you are giving to your mind If you are taking care of your body in the morning with a walk or exercise or taking herbal drinks that is beautiful but have you ever thought of taking care of your mind Taking care of body is good for your health fitness it is a part of life But it is not the whole life or living in full There is still something lacking These are happiness forever stability of mind freedom from stress freedom from depression freedom from fear freedom from anger freedom from jealousy freedom from hatred freedom from competition freedom from discrimination All these ingredients are unhealthy for

your mind These ingredients you are consuming from outer world causing harm to you without your knowledge You are consuming crimes you are consuming failure you are consuming harassment you are consuming violence you are consuming criticisms you are consuming corruptions every day These are toxic for your mental health If you are not healthy in mind it will slowly poison your immune systems cells body parts organs If mind is healthy body will automatically be healthy That is the reason why giving nutrition to the mind is most important If you give little attention to take care of your mind then your soul will be more powerful stronger if your soul will be powerful all the above toxic agents can't do any harm to us if our soul power will be stronger we will feel happy peaceful always And if we will feel happy we can radiate happiness peace to others In this way we can spread happiness to the whole world Then the dream of our peaceful world will come Today we are blaming the world for many reasons but the world is like today because of us Our thought has made our world like this Hence our thought can bring a new World Negative vibrations aggravates negative energies Positive vibrations can aggravate positive energy In this book some simple thoughts are given out of experiments and achievements of the Author Follow the tips daily morning and see how your life starts changing Feed your mind with good live a life in Abundance joy peace bliss love harmony
