Law And Order La Justice En Prime Time:

Law and order Barbara Villez,2014 Les épisodes commencent généralement par la découverte d'un cadavre qui donne lieu à une enquête mais la série n'est pas policière. Un suspect est finalement présenté au procureur qui décide de l'opportunité d'un procès pénal et un récit judiciaire différent de tout autre se déclenche. La préparation du procès et son déroulement ensuite illustrent les problèmes de procédure les stratégies des avocats les interdits de la loi les témoignages les plaidoiries et le verdict la fin. De la résolution d'un mystère jusqu'au développement d'un dilemme moral la série invite le téléspectateur à une exploration du système judiciaire américain ainsi qu'un aperçu du raisonnement juridique. Chacun des 456 épisodes de Law Order met en scène non seulement une histoire de crime new yorkais mais le rapport entre droit et justice. Mais la série est aussi un monument à l'histoire de l'industrie de la télévision américaine expliquée à travers l'analyse de sa structure des stratégies commerciales de la production et une description de l'attachement particulier à la ville de New York à son personnage de la série.

Law and Justice on the Small Screen Peter Robson, Jessica Silbey, 2012-08-01 Law and Justice on the Small Screen is a wide ranging collection of essays about law in and on television. In light of the book's innovative taxonomy of the field and its international reach it will make a novel contribution to the scholarly literature about law and popular culture. Television shows from France Canada the United Kingdom Germany Spain and the United States are discussed. The essays are organised into three sections: 1 methodological questions regarding the analysis of law and popular culture on television; 2 a focus on genre studies within television programming including a subsection on reality television; and 3 content analysis of individual television shows with attention to big picture jurisprudential questions of law's efficacy and the promise of justice. The book's content is organised to make it appropriate for undergraduate and graduate classes in the following areas: media studies law and culture socio-legal studies comparative law jurisprudence the law of lawyering alternative dispute resolution and criminal law. Individual chapters have been contributed by among others Taunya Banks Paul Bergman Lief Carter Christine Corcos Rebecca Johnson Stefan Machura Nancy Marder Michael McCann Kimberlianne Podlas and Susan Ross with an Introduction by Peter Robson and Jessica Silbey.

Primetime Politics Philip Green, 2005 In this insightful new book media critic Philip Green explores the true nature of television and the effect this TV addiction has on American democracy. He argues that mainstream shows are little more than extended commercials dominated by advertising interests and designed to be as habit forming as possible. Programming is controlled by conglomerates afraid of losing market share or upsetting advertisers leading to television news dramas and sitcoms that uphold conservative values at the expense of controversial opinions. The result is a system that stifles debate isolates viewers and favors right wing agendas. To make the system serve a true democracy Green proposes ending the private monopoly of public airspace and making the television market a true free market.

International Handbook of Criminology Shlomo Giora Shoham, Paul Knepper, Martin Kett, 2010-02-23 The second handbook in the Shoham trilogy which includes the esteemed International Handbook of

Penology and Criminal Justice and the upcoming International Handbook of Victimology this volume is a comprehensive treatment of criminology theory This text contains contributions from 25 of the top international scholars in the field across a wide range of disciplines Topics include social deviance research methods biological and physiological explanations personality types and family socialization processes The book also explores ecological and economic factors differential association and situational crime prevention cultural conflicts and immigration as well as stigmas group delinquency and juvenile delinquency TV Guide ,2007 Emmy ,2006 Punitivity: Insecurity and punitiveness Helmut Kury,Evelyne Shea,2011 *Rock-Solid Living in a Run-Amok World* E. Lonnie Melashenko,David B. Smith,1999 *Criminal Justice: Racial profiling - Youth gangs ; Appendices ; Indexes* Phyllis B. Gerstenfeld,2006 Contains 625 alphabetically arranged entries that examine various aspects of criminal justice in the U S covering criminals codes and categories of law law enforcement agencies courts corrections the U S Constitution and Supreme Court rulings Includes a time line personages and subject indexes and other reference materials *Redeeming Television* Quentin James Schultze,1992 Quentin J Schultze offers an indispensable course in televisual literacy counseling us to become active watchers instead of passive viewers Winner of a 1993 Christianity Today Critics Choice Award 2nd place contemporary issues 180 pages paper *The Law Times* ,1897 Mediaweek ,2004-04 **Black, White, and in Color** Sasha Torres,2018-06-05 This book examines the representation of blackness on television at the height of the southern civil rights movement and again in the aftermath of the Reagan Bush years In the process it looks carefully at how television s ideological projects with respect to race have supported or conflicted with the industry s incentive to maximize profits or consolidate power Sasha Torres examines the complex relations between the television industry and the civil rights movement as a knot of overlapping interests She argues that television coverage of the civil rights movement during 1955 1965 encouraged viewers to identify with black protestors and against white police including such infamous villains as Birmingham s Bull Connor and Selma s Jim Clark Torres then argues that television of the 1990s encouraged viewers to identify with police against putatively criminal blacks even in its dramatizations of police brutality Torres s pioneering analysis makes distinctive contributions to its fields It challenges television scholars to consider the historical centrality of race to the constitution of the medium s genres visual conventions and industrial structures And it displaces the analytical focus on stereotypes that has hamstrung assessments of television s depiction of African Americans concentrating instead on the ways in which African Americans and their political collectives have actively shaped that depiction to advance civil rights causes This book also challenges African American studies to pay closer and better attention to television s ongoing role in the organization and disorganization of U S racial politics
