A New Reading of Jacques Ellul Jacob Marques Rollison, 2020-09-10 This book presents an original and dynamic reading of the twentieth century French sociologist and theological ethicist Jacques Ellul Adopting Ellul s use of presence as a hermeneutical key to understanding his work it examines the origins of Ellul s approach to presence in his readings of Kierkegaard and the biblical book of Ecclesiastes highlights the central structural role of presence in Ellul s theological ethics and elucidates a crucial turning point in Ellul s theology following a personal crisis in Ellul s faith and life Drawing from numerous unpublished and untranslated texts Jacob Marques Rollison argues that this crisis involves confrontation with a critique of presence manifest in Ellul s reading of and engagement with Michel Foucault Marques Rollison distills Ellul s sociological critiques and theological responses to this crisis presenting Ellul s evolving theology against the background of major shifts in French intellectual life In doing so the author simultaneously calls for renewed engagement with Ellul s prophetic thought critically appraises Ellul s dialectical theology and Marxist inheritances and develops a robustly Protestant approach to theological communication ethics for our time
