female social roles or even the changes that come inevitable with age or moreover birth and death This book carries the message of this old world in itself It is for those path seekers and road enthusiasts who no longer seek the causes and responses outside but inside Those who are already beginning to understand that we attract certain people and events to ourselves If you keep this card in your hand today it is time for the messages of old times to address you Do not expect accurate information about what will happen to you but rather turn to it with confidence because by recognizing and taking the circumstances into account it will help you to learn to decide autonomously and thus take your own destiny in your hands and mold it according to your will Devote time for the cards and let your intuition guide you Choose the one that best appeals to you and close your eyes the answers will arrive shortly Do not forget that there is a reason for everything nothing is coincidental Not even the fact that you are holding this book in your hands right now *Le Grand Tarot de L'amour*
