*Safety Walk Safety Talk* David Allan Galloway, 2019-01-09 Do you want to make a difference There are many ways someone in a leadership role can have a positive impact on the lives of their employees Perhaps there is no leadership responsibility more profound than creating a sustainable injury free workplace Every person who goes to work expects to return home in the same condition When someone is hurt the adverse effects of their injury ripple through the employee s family and friends Achieving an injury free environment is one of the most difficult problems many leaders face Indeed during 35 years in manufacturing I never discovered a singular solution to this challenge However over these years I observed quite a few leadership actions that significantly contributed to less risk taking greater hazard awareness and genuine collaborative efforts among employees and

supervisors Leaders who understood embraced and implemented these strategies saw a dramatic reduction in incidents and injuries at their facilities Organizations with the best safety performances do not have a secret They simply do a lot of small things collectively and strategically well That s really what this book is about It is a collection of leadership concepts thoughts words and actions that when strategically implemented can move your organization toward a better safety future The first section of the book takes a look at some fundamental concepts everyone who is striving to achieve safety excellence should understand It includes a discussion on compliance versus commitment how to develop a safety strategy why people make mistakes and take risks and an overview of a Just Culture The core of the book reviews key research findings in social psychology sociology and neuroscience I share personal experiences of highly effective leadership And I recount other situations that exemplify the wrong approach In each case I discuss how you can leverage these concepts in a practical way to improve your safety leadership skills At the end of each chapter there is a segment called the SAFETY LEADER S TOOLBOX which contains over 70 practical tools and tips for being a more effective safety leader Readers are encouraged to consult the SAFETY LEADER S TOOLBOX for small changes in what you think say and do to shape your safety culture Where do you begin Start with a Why of caring If you start with caring as your personal motive you won t have to do everything perfectly Your employees will want to do the right things for the right reasons
