13 Ideas That Are Transforming the Community College World Terry U. O'Banion, 2019-03-15 America's community colleges are experiencing the most creative and substantive period of transformation in their 118 year history. There has never been so much research, so much support from foundations and so much commitment from national leaders to reimagine community colleges for today and for the future. *13 Ideas that Are Transforming the Community College World*, edited by Terry U. O'Banion, is the seminal work that captures the major ideas faced by community college leaders in this period of transformation. The book includes 23 authors representing 12 national organizations, perhaps the most significant and substantive list of individuals ever to participate in an edited book on the community college. Each author is a nationally recognized authority on his or her chapter and all have played major roles as leaders of national organizations. Annual Governor's Youth Leadership Awards, 1995

Torkildsen's Sport and Leisure Management Rob Wilson, Chris Platts, Daniel Plumley, 2022-11-01 For nearly 40 years Torkildsen's *Sport and Leisure Management* has been the most comprehensive and engaging introduction to sport and leisure management available to students at all levels. Now in its seventh edition, it is still the only textbook that covers all the key topics taught within contemporary sport and leisure management courses. This new edition includes expanded coverage of the practical managerial skills that students must develop if aiming for a career in the sport and leisure industry, from planning and managing people to marketing, entrepreneurship, and the law. It includes four completely new chapters on the global sport and leisure economy, historical development, cross-sector collaboration, and management consultancy, reflecting important developments in contemporary sport and leisure. This edition retains the hallmark strengths of previous editions, including in-depth discussion of the social and cultural context of sport and leisure, full analysis of the public, private, and voluntary sectors, and a review of key products and services. Richly illustrated throughout with up-to-date evidence, data, case studies, and international examples, each chapter also contains a range of useful pedagogical features, such as discussion questions, practical tasks, and structured guides to further reading and resources. This is an important resource for students working in fields such as sport management, sport business, sport development, leisure management, and events management. Dedicated online resources offer additional teaching and learning material for students and lecturers.

Leadership for Organizations David A. Waldman, Charles O'Reilly, 2018-12-13 The need to develop better business leaders has never been greater. *Leadership for Organizations* provides a brief overview of leadership at the individual, team, and organizational levels. Authors David A. Waldman and Charles O'Reilly expertly cover the foundational leadership approaches with a special emphasis on contemporary issues as well as visionary and strategic leadership. The text is accompanied by more than 40 video cases from Stanford Graduate School of Business's *Leadership in Focus* video collection. Students learn through role modeling as they watch real-world leaders ranging from first-time managers to CEOs share stories of their leadership challenges and
