2030
TRACTOR
(SERIAL NO. 187301-)

OPERATORS MANUAL
JOHN DEERE 2030 TRACTOR
(SERIAL NO. 187301-)

OMR59805 F4 English

JOHN DEERE WATERLOO WORKS
OMR59805 F4

JOHN DEERE & CO. (CANADA)
CHICAGO, ILL.

To the Purchaser

This new tractor was carefully designed and manufactured to give years of dependable service. To keep it running efficiently, read the instructions in this operator's manual. Each section is clearly identified so you can easily find the information you need—whether it is operation, lubrication and periodic service, or trouble shooting. Check the Contents to learn where each section is located. Use the alphabetical index for fast reference.

Standard graphic symbols are used to assist identification and operation. In this manual, an identifying symbol is placed to the instructions like the symbol at left for the engine coolant temperature gauge. The words "high" water or "coolant" and the thermometer indicates temperature. Regardless of the language used in a nation, the symbol means water or coolant temperature without translation.

Record your tractor serial numbers in the spaces provided on page 73. Your dealer needs this information to give you prompt, efficient service and parts. If your tractor requires replacement parts, go to your John Deere dealer where you can obtain genuine John Deere parts—except no substitutes.

The warranty on this tractor appears on your copy of the purchase order which you should have received from your dealer when you purchased the tractor.

The references in this manual to the "right-hand" and the "left-hand" sides of the tractor are determined by facing in the direction of tractor forward travel.

This safety alert symbol indicates important safety messages in this manual. When you see this symbol, be alert to the possibility of personal injury and carefully read the message that follows.

Your operator's manual contains 55 safety warnings which follow immediately after the U.S. customary units of measure.
