Old People Fall Slowly: And Other Life Lessons Learned Jason Lheureux,2014-09-28 Told as a series of anecdotes these essays represent more than 10 years of writing on the humorous absurdity that is daily life Every day there is something new to learn Like remember to always look out for the elderly They may fall slowly but they also fall hard Life's a Gamble Roy Brindley,2009-04-07 Roy Brindley has earned over a million pounds has a contented family life owns an incredible house and both a Porsche and a Ferrari But he s not always had money to play with In fact he hasn t always had a home Addicted to gambling like the majority of his family Roy spent his teens and twenties in the bookies and week in week out frittered away his entire pay packet as he attempted to chase his losses By the time he was twenty eight he was on the run from the police and living out of a cardboard box in Southsea In 2002 he finally ended up in court and decided to turn his life around After a chance viewing of the Hollywood poker film Rounders he at last put his phenomenal mathematical talent to constructive use and his domination of the European poker circuit began From his dysfunctional early years through a career as a greyhound trainer and journalist before playing cards for cash became his vocation the story of Roy the Boy is both an inspirational rags to riches story of a man who learnt to trust something other than lady luck and a fascinating insight into the glamorous celebrity filled and ever more popular world of poker **The Educational Significance of Human and Non-Human Animal Interactions** Suzanne Rice,A. G. Rud,2016-04-29 The Educational Significance of Human and Non Human Animal Interactions explores human animal non human animal interactions from different disciplinary perspectives from education

policy to philosophy of education and ecopedagogy The authors refute the idea of anthropocentrism the belief that human beings are the central or most significant species on the planet through an ethical investigation into animal and human interactions and real life examples of humans and animals living and learning together In doing so Rice and Rud outline the idea that interactions between animals and humans are educationally significant and vital in the classroom **New Lives**
