IPad and iPhone Digital Photography Tips and Tricks Jason Rich, 2014 Teaches tips and tricks for using the iPad and iPhone to take edit and share photos covering topics ranging from framing perspective and lighting to creating digital slideshows backing up images and finding low cost tools

LIFE Guide to Digital Photography Joe McNally, Editors of Life, 2010-10-19 Photography has been the business and the passion of LIFE since the original weekly magazine s inception in 1936 and it continues to be the business and passion of LIFE Books and LIFE com in the new millennium But photography has surely changed during these many decades The rigs and gear of old have given way first slowly then all at once to sleek miracle machines that process pixels and have made the darkroom obsolete The casual photog puts eye to lens sets everything on auto and captures a photograph that is perfectly fine One of LIFE s master shooters in fact the final in the long line of distinguished LIFE staff photographers was Joe McNally and he has always believed that with a little preparation and care with a dash of enthusiasm and daring added to the equation anyone can make a better photo anyone can turn a keeper into a treasure This was true in days of yore and it s true in the digital age Your marvelous new camera fresh from its box can indeed perform splendid feats Joe explains in this book how to take best advantage of what it was designed to do and also when it is wise to outthink your camera or push your camera to go for the gold to create that indelible family memory that you will have blown up as large as the technology will allow and that will hang on the wall forevermore As the storied LIFE photographer and photo editor John Loengard points out in his eloquent foreword to this volume there are cameras and there are cameras and they ve always been able to do tricks And then there is photography Other guides may give you the one two three of producing a reasonably well exposed shot but Joe McNally and the editors of LIFE can give you that and then can show you how to make a picture In a detailed friendly conversational anecdotal sometimes rollicking way that s what they do in these pages Prepare to click

IPad Portable Genius Paul McFedries, 2014-12-03 Covers all versions of iPad and iPad mini Cover *The LIFE Pocket Guide to Digital Photography* The Editors of LIFE Books, 2012-10-09 When LIFE published the first edition of this book in

2010 Scott Kelby Editor in Chief of Photoshop User magazine and a guru in the world of digital shooting wrote Joe McNally has put together the LIFE Guide to Digital Photography which is packed full of tips tricks how to and beautiful pictures from Joe s thirty plus year photo career If you ve ever experienced one of Joe s workshops or seminars you know he s a fantastic teacher and this book is an extension of that While he does write about the basics of photography if you know Joe you know that he s found a way to work his own sense of humor and familiarity in with all the nuts and bolts to make it an entertaining read Thousands of photo fans agreed and eagerly joined Joe on his happy journey through the pixelated world of modern day photography In so doing they learned from one of LIFE s master shooters in fact the final in the long line of distinguished LIFE staff photographers who encouraged them that with a little preparation and care with a dash of enthusiasm and daring anyone can make a better photo Anyone can turn a keeper into a treasure It has since become clear to Joe and the editors of LIFE that their Guide to Digital Photography was built to last that its tips and tone had struck a chord with photography enthusiasts everywhere One thing it wasn t however was built to fit in your camera bag when you were heading into the field Now it is Here s the digest sized version filled with the same wonderful collection of McNally photography beautifully illustrating the points Joe is making Everything you need to know about light and lenses about color or composition is in these pages And now when you re just about to click and you wonder What would Joe advise the answer is at your fingertips
