Hindu Idol Worship C Srinivasa Murthy, 2025-08-01 I have come across extensive literature and lectures criticizing Hindu idol worship. However, our spiritual leaders seldom clarify the purpose, science, and significance behind this practice. Many of them appear divided on the subject, and as a result, most of us have doubts about the rationality of idol worship in Hinduism. I have not encountered any spiritual leader who supports idol worship as it is. It seems that even they are uncertain about it. As I see it, the primary reason for this confusion is that our spiritual leaders are more focused on Yoga and Meditation and less on Self Knowledge Jnana Marga, the Path of Knowledge. I felt an urgent need to address these doubts and misconceptions. This book is my attempt to clarify them. I have tried to answer most of the Frequently Asked Questions (FAQs) on this topic and, having written this book, I feel deeply fulfilled.

Gen Z Effect Tom Koulopoulos, Dan Keldsen, 2016-11-03 One of the most profound changes in business and society is the emergence of the post-Millennial generation, Gen Z. While every new generation has faced its share of disruption in technology, economics, politics, and society, no other generation in the history of mankind has had the ability to connect every human being on the planet to each other and, in the process, to provide the opportunity for each person to be fully educated, socially and economically engaged. What might this mean for business markets and educational institutions in the future? In this revolutionary new book, *The Gen Z Effect: The Six Forces Shaping the Future of Business*, authors Tom Koulopoulos and

Dan Keldsen delve into a vision of the future where disruptive invention and reinvention is the acknowledged norm touching almost every aspect of how we work live and play From radical new approaches to marketing and manufacturing to the potential obliteration of intellectual property and the shift to mass innovation to the decimation of our oldest learning institutions through open source and adaptive learning The Gen Z Effect provides a mind bending view of why we will need to embrace Gen Z as the last best hope for taking on the world s biggest challenges and opportunities and how you can prepare yourself and your business for the greatest era of disruption prosperity and progress the world has ever experienced
