Ebook: Managerial Accounting - Global Edition Ronald Hilton, David Platt, 2014-09-16 We are pleased to present this Global Edition which has been developed specifically to acquaint students of business with the fundamental tools of managerial accounting and to promote their understanding of the dramatic ways in which business is changing. The emphasis is on teaching students to use accounting information to best manage an organization. Each chapter is written around a realistic business or focus company that guides the reader through the topics of that chapter. There is significant coverage of contemporary topics such as activity based costing, target costing, the value chain, customer profitability analysis, and throughput costing, while also including traditional topics such as job order costing, budgeting, and performance evaluation. Many of the real world examples in the Management Accounting Practice boxes have been revised and updated to make them more current, and several new examples have been added. This Global Edition has been adapted to meet the needs of courses outside the United States and does not align with the instructor and student resources available with the U.S. edition.

MANAGEMENT ACCOUNTING Suryadharma Sim, SE., M. Ak., CIBA., CPIR., CPHRM., HRBP., HRMP., CAPM., CAPF., CERA., CBV, Islamiah Kamil SE, M. Ak., CAPM., CAPF, 2024-09-14 Managerial accounting is the process of identifying, measuring, analyzing, interpreting, and communicating information in pursuit of an organization's goals. Managerial accounting is an integral part of the management process, and managerial accountants are important strategic partners in an organization's domestic and international management teams. Managerial accounting provides the essential data with which the organizations are actually run. Managerial accounting is also termed as management accounting or cost accounting. Financial accounting provides the scorecard by which a company's overall past performance is judged by outsiders. Managerial accountants prepare a variety of reports. Some reports focus on how well managers or business units have performed, comparing actual results to plans and to benchmarks. *Consumer Law* John A. Spanogle, 2007 The Third Edition has been completely updated to include current and emerging issues in Consumer Law. The text covers a range of topics including advertising and marketing, consumer credit regulation, consumer privacy, payment systems, warranty law, debt collection remedies, and predatory lending, a capstone chapter. This text contains a balance of cases, problems, updated to reflect modern situations, and notes, discussion questions, and references to the latest consumer protection scholarship, allowing the professor the maximum flexibility in choice of topics and pedagogical methods. A complete teacher's manual and a new statutory supplement are also available. **Uniform Commercial Code Reporting Service, Second Series**, 1996
