 on The Root100 2018 A renowned culinary historian offers a fresh perspective on our most divisive cultural issue race in this
 illuminating memoir of Southern cuisine and food culture that traces his ancestry both black and white through food from
 Africa to America and slavery to freedom Southern food is integral to the American culinary tradition yet the question of who
 owns it is one of the most provocative touch points in our ongoing struggles over race In this unique memoir culinary
 historian Michael W Twitty takes readers to the white hot center of this fight tracing the roots of his own family and the
 charged politics surrounding the origins of soul food barbecue and all Southern cuisine From the tobacco and rice farms of
 colonial times to plantation kitchens and backbreaking cotton fields Twitty tells his family story through the foods that
 enabled his ancestors survival across three centuries He sifts through stories recipes genetic tests and historical documents
 and travels from Civil War battlefields in Virginia to synagogues in Alabama to Black owned organic farms in Georgia As he
 takes us through his ancestral culinary history Twitty suggests that healing may come from embracing the discomfort of the
 Southern past Along the way he reveals a truth that is more than skin deep the power that food has to bring the kin of the
 enslaved and their former slaveholders to the table where they can discover the real America together Illustrations by
