 Exceptionalism** Mojtaba Mahdavi,2023-02-28 More than a decade after the birth of contemporary social movements in the
 Middle East and North Africa scholars are asking what these movements have achieved and how we should evaluate their
 lasting legacies The quiet encroachments of MENA counterrevolutionary forces in the post Arab Spring era have contributed
 to the revival of an outdated Orientalist discourse of Middle East exceptionalism implying that the region s culture is
 exceptionally immune to democratic movements values and institutions This volume inspired by critical post colonial
 decolonial studies and interdisciplinary perspectives of social movement theories gender studies Islamic studies and critical
 race theory challenges and demystifies the myth of MENA Exceptionalism Composed of three sections the book first places
 MENA in the larger global context and sheds light on the impact of geopolitics on the current crises showing how a
 postcolonial critique better explains the crisis of democratic social movements and the resilience of authoritarianism The
 second section focuses on the unfinished projects of contemporary MENA social movements and their quest for freedom
 social justice and human dignity Contributors examine specific cases of post Islamist movements the Arab youth student and
 other popular non violent movements In the final section the book problematizes the exceptionalist idea of gender passivity
 and women s exclusion which reduces the reality of gender injustice to some eternal and essentialized Muslim MENA
 mindset Contributors address this theory by placing gender as an independent category of thought and action demonstrating
 the quest for gender justice movements in MENA and providing contexts to the cases of gender injustice to challenge**
