In *The Way of Imagination*, the master offers a detailed exploration of the mechanisms by which psychomagic works to heal our most pressing emotional and spiritual wounds. He describes the initial stages of psychomagic's development into a practice and how he crafted the first psychomagic prescriptions to speak directly to the subconscious.

Neo-shamanism and Mental Health Karel James Bouse, 2019 This book explores the contemporary practice of Neo shamanism and its relationship to mental health. Chapters cover the practice of Neo shamanism, how it differs from traditional shamanism, the technology of the shamanic journey, the lifeworlds of some of its practitioners as well as its benefits and pitfalls. The author's analysis draws on an in-depth study of existing literature, original qualitative phenomenological research into the lifeworlds of practitioners and nearly three decades of observation and experience as a student teacher and practitioner of Neo shamanism. She discusses the potential role of Neo shamanic journey technology as an approach for psychology-based studies of consciousness and anomalous phenomena, its value as a tool for self-exploration as part of a supervised curriculum as well as the possible therapeutic applications of the journey and shamanic healing protocols for use by mental health professionals. This book is a rich and timely resource for students and teachers of psychology, anthropology and sociology, psychotherapists and anyone who is interested in consciousness and parapsychology. Karel James Bouse is the Director of the Institute of Esoteric Psychology USA. She earned her Ph.D. in Psychology from Saybrook University USA and her Ph.D. in History American Studies from the University of Maryland USA.
