Pagan philosophers touched with Oriental pantheism recognised in myths certain pantheistic symbols and a cryptic revelation of their own Neo platonism When the gods were dead and their altars fallen then antiquaries brought their curiosity to the problem of explaining myth Christians recognised in it a depraved version of the Jewish sacred writings and found the ark on every mountain top of Greece The critical nineteenth century brought in with Otfried Muller and Lobeck a closer analysis and finally in the sudden rise of comparative philology it chanced that philologists annexed the domain of myths Each of these systems had its own amount of truth but each certainly failed to unravel the whole web of tradition and of foolish faith Meantime a new science has come into existence the science which studies man in the sum of all his works and thoughts as evolved through the whole process of his development This science Comparative Anthropology examines the development of law out of custom the development of weapons from the stick or stone to the latest repeating rifle the development of society from the horde to the nation It is a study which does not despise the most backward nor degraded tribe nor neglect the most civilised and it frequently finds in Australians or Nootkas the germ of ideas and institutions which Greeks or Romans brought to perfection or retained little altered from their early rudeness in the midst of civilisation It is inevitable that this science should also try its hand on mythology Our purpose is to employ the anthropological method the study of the evolution of ideas from the savage to the barbarous and thence to the civilised stage in the province of myth ritual and religion It has been shown that the light of this method had dawned on Eusebius in his polemic with the heathen apologists Spencer the head of Corpus Cambridge 1630 93 had really no other scheme in his mind in his erudite work on Hebrew Ritual Spencer was a student of man s religions generally and he came to the conclusion that Hebrew ritual was but an expurgated and so to speak divinely licensed adaptation of heathen customs at large We do but follow his guidance on less perilous ground when we seek for the original forms of classical rite and myth in the parallel usages and legends of the most backward races Myth, Ritual and Religion Andrew Lang,1901 **Myth, Ritual and Religion, 2** Andrew

Lang,2025-05-22 In Myth Ritual and Religion 2 Andrew Lang delves into the intricate relationships between ancient myths religious practices and societal rituals This insightful exploration examines the origins and evolution of these cultural elements providing a detailed analysis of their significance in shaping human societies Lang s work offers a comparative perspective drawing connections between different cultures and uncovering universal patterns in mythological narratives and ritualistic behaviors The book sheds light on how these traditions reflect and influence the beliefs values and social structures of the communities that practice them A valuable resource for scholars and enthusiasts alike Myth Ritual and Religion 2 remains a relevant and thought provoking study of the fundamental aspects of human culture and spirituality This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries
