Donut Mastery Marissa Marie, 2019-06-18 This book contains all the basics of making doughnuts followed by 100 insanely delicious doughnut recipes The king of comfort foods donuts are one of the most popular snacks out there today

The pleasure of enjoying a fresh and delicious donut with a cup of coffee or tea is unrivalled. Everyone has their own favourite beverage to go with donuts though. While I personally prefer coffee, my husband likes it with tea and my kids like to enjoy donuts with hot chocolate or milk. You're just going to have to play around with beverages too, learn what beverage you like best with your donuts. Donuts are usually rich in carbohydrates and are hence most commonly enjoyed during breakfast to give you that much needed energy to power through the early hours of your day. I, however, like to eat these whenever I'm craving for a delicious snack. If you're a fan of the donuts you find in the market, wait till you have mastered the art of making your own. Once you get a taste of fresh homemade donuts, those market donuts will be ruined for you forever. Homemade donuts are fresh and you have full control over the sweetness and ingredients. You can make donuts tailored exactly to your taste and no market donut can do that for you. Wondering if making your own donuts is hard? I'll answer that question for you right now. Making donuts is easier than you think. If you've got an oven in your kitchen, you're good to go. Your first batch of donuts might not turn out to be the prettiest thing you've ever seen in your life, but keep at it and with practice you will eventually make the donut of your dreams. With the help of this book, I hope to help you make your own homemade donuts from scratch. With step-by-step instructions and helpful tips, I hope you are able to make your own donuts just like any professional baker.
