Meister Eckhart's Book of the Heart Jon M. Sweeney, Mark S. Burrows, 2017-01-01 Meister Eckhart 1260 1328 was a priest a mystic and nearly a heretic he died before the Church court s verdict In the 20th century the Roman Catholic Church rehabilitated him and the late Pope John Paul II spoke of his work with fondness However what makes him of particular interest is the fact that he has influenced a wide range of spiritual teachers and mystics both inside and outside the Christian tradition Erich Fromm Eckhart Tolle Richard Rohr D T Suzuki and Rudolf Steiner have all credited Eckhart as being an important influence on their thought In addition his work has influenced the development of 20th century American Buddhism and the Theosophical tradition Eckhart wrote at a time much like our own when society appeared to be coming apart at the seams In the midst of all that chaos and uncertainty he captured the many forms and stages of the love of God the mystic path and the journey of transformation in language so startling that he too was often accused of heresy Now seven centuries later this fresh stunning rendering of his work translates the essence of one of Christianity s greatest poetic and spiritual voices Here is a book that conveys the heart of Eckhart s teaching on what it means to love God and embark on an authentic spiritual journey a journey that is characterized by mystery paradox and an embrace of the unknown Smile to Your Heart Meditations Irmansyah Effendi, 2010-08-31 A Simon Schuster eBook Simon Schuster has a great book for every reader *Peace of Heart in All Things*, 2004 **Meditations on the Sacred Heart** Brother Philippe, Brother

Hermenegild, 2013-02-23 Consider this meditation DEVOTION to the Sacred Heart consists in honoring with a worship of adoration love gratitude imitation and reparation the heart of Jesus which united hypostatically to the vVord is the heart of God the source and fulness of graces the perfect model of all virtues and whose goodness greatness amiability and generosity are alas unrecognized on the part of men This devotion like that of the words of the cross the sacred lance the crown of thorns and a multitude of others has a double object the one sensible and material able to be perceived by the senses or represented by the imagination the other wholly spiritual but having the closest relations with it The sensible object is that heart which living and animated was the organ of the feelings of our divine Savior and which reminds us of them as being their most direct truest and most expressive symbol The spiritual object consists in those very feelings the interior

dispositions of Jesus Christ his love for his Father his love and tenderness for men his joy his sorrows his wishes The Blessed Margaret Mary gives us to understand and distinguish this double object when she says The divine Master assured me that he felt singular pleasure in seeing the sentiments and love of his heart honored under the emblem of a heart of flesh as he had shown me The Church speaks in the same way in her office where we read The Sovereign Pontiff Clement XIII has authorised the feast of the Sacred Heart so that the faithful may under that symbol celebrate with more devotion and fervor the charity of Jesus Christ suffering and dying for the salvation of the human race and instituting in memory of his death the sacrament of his body and his blood While giving glory to the Sacred Heart of Jesus we celebrate the memory of the principal favors of his love towards us Let us admire here the simplicity and fitness of the means Jesus Christ has wished to make choice of The heart is in fact the most natural emblem of love goodness and whatever there is of great generous and heroic in the soul moreover it receives the impression of all the feelings we experience What Christian then could by meditation place himself in presence of the heart of Jesus Christ without recalling the sentiments of charity tenderness and compassion with which that divine Savior was filled The heart of Jesus says Pere Gautrelet represents and reminds us of the sacred humanity whose noblest organ it was and the divine pardon which penetrated it raised it to the dignity of a divine heart and imprinted the seal of divinity on all its movements and sentiments the honor paid to Jesus Christ can be formalised in that we pay to his adorable heart The end of devotion to the Sacred Heart is to acknowledge in a worthy manner the love of Jesus for us it is therefore to imitate the virtues of which he gives us an example to repair the crimes and ingratitude of men towards him particularly in the adorable Eucharist What Christian would not strive to realize that sublime end Ah how can we think of the wonders and the excess of the charity of the Son of God how can we recall to mind that that love was the cause of the humiliations of his Incarnation the labors of his life the gift which he has given us of himself in his sacrament the sacrifice he consummated on Calvary and not be drawn to love him with the greatest love All that is brought before us by devotion to the Sacred Heart Therefore whoever embraces its spirit and practice cannot but share the sentiments of St Liguori who exclaimed O all amiable heart of my Jesus heart worthy to possess all hearts heart resplendent with the flames of the purest love O consuming fire consume all my being and give me a new life a life of grace a life of love      *Opening the Heart*

Kathryn Samuelson, 2013-12 Opening the Heart consisting of 56 distinctive meditation images corresponding texts and exercises to use in combination with the images and texts is a means to find the inner peace and healing that emerges from listening to one's heart It is a tool for those looking to broaden and deepen their meditative experience As some workshop participants have said the stunning photographs and text of the images provide a way to bring openness into your life and heart go on a journey unlike any other travel into your heart with ease build a new relationship with yourself It is also a method for those seeking to find their hearts stories and bring them into the light Unique in the worlds of meditation and transformative experience these images open the gateway to perceiving the self and the world from the center point of one's
